Introduction

My name is Saurabh Jojare, and I'm a Full Stack Developer with back-end and front-end development skills, penchant for web interaction, and typography.

I'm currently studying B.Sc Computer Science at Savitribai Phule Pune University, Pune, India. During the B.Sc, I have earned experience in high-performance computing, software development, web development, and database management.

I have extensive experiences in optimizing the performance of complex Web Applications, To Build the infrastructure that ensures that Web based products are fast, agile, and reliable. My aim is to make the best performance & great looking products that make an impact.
